(pursuant to art. 13 of EU Regulation 2016/679)

Data Controller
Filippo Ambrosi, Tax Code MBRFPP97E21I775E, residing in 37040 Arcole (VR), Via Motte Godi no. 7/A, e-mail filo.ambro@gmail.com, as Data Controller (hereinafter also referred to as the "Controller").

Categories of data processed
Personal data, contact data, data relating to participation in sports activities and, subject to specific consent, images, photos and videos possibly collected during events will be processed.

Purposes and legal basis of processing
Personal data will be processed for the following purposes:
• management of admission and participation in recreational-sports activities (softair);
• compliance with safety rules and internal regulations;
• fulfilment of legal, accounting, tax and insurance obligations;
• sending of informational and promotional communications relating to the Controller's activities (subject to consent);
• creation, publication and dissemination of images and videos collected during certain events organised by the Controller (subject to consent), via websites, social media, streaming platforms, promotional material and partner or sponsor channels.

The legal basis for processing is:
• performance of a contract or association relationship (art. 6, para. 1, lett. b GDPR);
• fulfilment of legal obligations (art. 6, para. 1, lett. c GDPR);
• consent of the interested party (art. 6, para. 1, lett. a GDPR) for promotional purposes and for the use of the image.

Methods and duration of processing
Processing will be carried out using paper and digital tools, in compliance with the principles of fairness, lawfulness, transparency and security.
The images collected will be stored for the time strictly necessary to achieve the purposes for which they were collected and in any case no longer than 10 years from the cessation of participation, unless otherwise requested for deletion by the interested party or legal obligations requiring longer storage.

Revocation of consent for use of the image and management of removal
In the event of revocation of consent for the use of the image, the Controller undertakes to immediately cease any further publication and dissemination of the content (photos, videos, etc.) and to adopt all reasonable measures for the removal of the content from their archives and official channels directly controlled, in compliance with art. 17 of the GDPR.
The Controller also undertakes to inform, where technically possible and by reasonable means, any third parties responsible for processing or recipients who have received the content of the deletion request, in accordance with paragraph 2 of art. 17 of the GDPR.
The interested party is informed that, due to the intrinsic nature of publication on the internet and social media, content published before revocation may remain temporarily visible or may have been shared, downloaded or reproduced by unauthorised third parties, outside the direct control of the Controller. The Controller will therefore not be able to guarantee complete and immediate removal from all platforms not directly controlled, while undertaking to adopt all reasonable technical and organisational measures to limit unauthorised persistence of the content.
Revocation of consent does not affect the lawfulness of processing carried out on the basis of consent before revocation, in compliance with art. 7, paragraph 3, of the GDPR.

Consent for use of the image - Specific purposes
Consent for the use of the image is requested for the following distinct purposes:
• Documentary purposes: photo/video recordings during events for the creation of historical archives of the Association and documentation of the activities carried out;
• Promotional purposes: use of images for the promotion of the Association and its activities on websites, social media, advertising and informational material;
• Divulgative purposes: publication in specialised magazines, thematic websites and platforms dedicated to softair for the dissemination of the sport.

The interested party may give separate consent for these purposes by signing the image release form.

Participation in events with recordings
For specific events expressly qualified as "events with mandatory recordings" (such as official competitions, demonstration events open to the public, manifestations with promotional purposes), participation is subject to consent for the use of the image limited to the documentary and divulgative purposes of the event itself. This condition is justified by the intrinsic nature of these events, which necessarily involve audiovisual documentation for organisational, safety and promotion purposes of the sport.
Events subject to this condition will be clearly identified in the registration opening communication and in the specific event notice.
Participation in ordinary events is never subject to consent for the use of the image.

Communication and dissemination of data
Data may be communicated to third parties operating on behalf of the Controller (e.g. consultants, collaborators, insurance companies), as well as to public entities where required by law. Images and videos may be disseminated within the limits of the consent given, through the Controller's official channels (websites, social media, promotional material), and shared with sponsors or commercial partners.

Rights of the interested party and methods of exercise
The interested party may at any time:
• revoke consent given for the use of the image, with effect for future processing;
• request information on processing in progress pursuant to art. 15 of the GDPR;
• request rectification or deletion of data, within the limits provided by law;
• object to processing for legitimate reasons.
